OBJECTIVE

Motivated computer science student with strong foundation in programming, software development, and team collaboration. Using technical skills and innovative thinking to perform challenging roles in top-tier technology companies.

EDUCATION

Wilfrid Laurier University

Bachelor of Science in Computer Science

Waterloo, ON

September 2024 – Present

Relevant Courses: *Data Structures, Algorithms, Calculus*

EXPERIENCE

Freelance Developer

June 2023 – Present

Remote

- Delivered full-stack solutions using HTML, CSS, JavaScript, and SwiftUI for diverse clients.
- Developed a Currency Converter app and Ontario Financial Literacy resources (app and website).
- Enhanced project management, problem-solving, and client interaction skills.

Inclusion Instructor (Camps)

July 2024 – August 2024

City of Brampton

Brampton, ON

- Designed inclusive activities tailored to children with diverse needs.
- Promoted teamwork and creativity through dynamic programming and leadership.

PROJECTS

Portfolio Website | *HTML, CSS, JavaScript, Netlify*

June 2023

- * Built a comprehensive portfolio website showcasing released projects, technical skills, and personal stories.
- * Highlighted achievements, ongoing work, and insights into my journey as a developer.

Ontario Financial Literacy Test App | *SwiftUI, GitHub*

November 2024

- * Collaborated with a team to design and develop an app to help students prepare for the Ontario Financial Literacy Test.
- * Integrated interactive quiz functionalities and ensured seamless user experience.
- * Application set to launch on the App Store, with source code available on GitHub.

Ontario Financial Literacy Website | *HTML, CSS, JavaScript, Netlify*

November 2024

- * Developed a web-based platform for financial literacy test preparation.
- * Deployed on Netlify: ontarioliteracytest.netlify.app.

Laurier Connect | *SwiftUI*

December 2024

- * Developed a platform specifically for Laurier students to foster connections and community.
- * Features include the ability to meet new friends, post events, and share thoughts within the community.

Currency Converter App | *SwiftUI, GitHub*

December 2024

- * Designed a user-friendly app for real-time currency conversions.
- * Application set to launch on the App Store, with source code available on GitHub.
